

November 2017

**Web
Event****Best Practices in the Multi-Level ESL Classroom**
Wednesday Nov. 8, 2017 at 3:45 pm (EST)

Join Christine Baida online for the upcoming ESL Talks! Web Event, Best Practices in the Multi-Level ESL Classroom. The number of multi-level groups is a growing trend in Quebec schools, it is an organization that is not always easy to manage, especially if two different cycles are targeted. During this web event, we will look at characteristics of multi-level groupings, best practices when dealing with a Multi-Level or a Multi-Cycle group, a planning tool to differentiate activities and an example of a Multi-Level Learning and Evaluation Situation.
